INDEX TO VOLUME XXVI

Page numbers preceded by " (P) " refer to the summaries of symposia and papers at the Spring and Summer Meetings of the Thoracic Society

A

ABERDEEN, E., *see* Panagopoulos, P. G., Tatooles, C. J., Aberdeen, E., Waterston, D. J., and Bonham Carter, R. E.
Adenopathy, hilar or paratracheal, unilateral, in sarcoidosis, 38 cases of, 296
Aerosols, bronchodilator, duration of action and cardiovascular effects of, comparative study of, 46
bronchodilator, influence of method of administration in clinical trials, 316
Age, effect on fixed and labile components of airway resistance in asthma, 325
Airflow obstruction, chronic, cardiac output and arterial CO_2 response to intermittent positive pressure breathing with oxygen in, 33
Airway obstruction complicating tracheostomy or endotracheal intubation with assisted respiration, 493
obstruction, detection before onset of disability (P), 490
resistance, effect of age on fixed and labile components in asthma, 325
Albumin, serum, ^{99m}Tc-labelled, in cardiac output and blood volume studies, 460
ALLEN, L., *see* Brogan, T. D., Ryley, H. C., Allen, L., and Hutt, H.
Allergic alveolitis, extrinsic (P), 231
Allergy, respiratory, immunological aspects in budgerigar fanciers (P), 231
Allotransplants, cardiac, heterotopic, canine, acute and modified rejection of, serial needle biopsy study, 534
Alpha-1 antitrypsin deficiency, *See* α_1-Antitrypsin deficiency
Alveolar microlithiasis, pulmonary, 704
pulmonary bleeding, fatal, complicating pulmonary embolectomy, 466
Alveolitis, allergic, extrinsic (P), 231
fibrosing, cryptogenic, immunology of (P), 231
AMBUJAKSHAN, V. P., *see* Ross, J. D., Reid, K. D. G., Ambujakshan, V. P., Kinloch, J. D., and Sircus, W.
Aminorex, effect on pulmonary circulation, 262
AMMANN, J. F., *see* Habibulla, K. S., Ammann, J. F., and Collis, J. L.
Amyloidosis of lung, 357
Anaemia, sickle-cell, assessment of lung volumes and gas transfer in, 309
sickle-cell, lung function in (P), 490
Anaesthesia technique for experimental open-heart surgery in calf, 103
Ancrod in prevention of thrombosis on prosthetic heart valves, 167
ANDERSON, A. E., JR., *see* Bedrossian, C. W. M., Anderson, A. E., Jr., and Foraker, A. G.
ANDERSON, S. D., CONNOLLY, N. M., and GODFREY, S.: Comparison of bronchoconstriction induced by cycling and running, 396
— and GODFREY, S.: Transfer factor for CO during exercise in children, 51
Aneurysm of thoracic aorta, 638
ventricular, left, and ventricular septal defect after myocardial infarction, surgical repair of, 615
ANNAMALAI, A., SHREEKUMAR, S., and VADIVELU, P.: Complications during removal of a pedunculated endobronchial leiomyosarcoma, 747
Anticoagulant therapy, management during pregnancy in patients with prosthetic heart valves, 206
Antigens, organic, inhalation of, pulmonary reactions after, infrastructural study in sensitized rabbits (P), 231
α_1-Antitrypsin deficiency, association with pulmonary emphysema (P), 488; 652
Aorta, cannulation of, for open-heart surgery (P), 232
cannulation of, for open-heart surgery, complications of, 172
thoracic, aneurysms of, 638
to pulmonary artery fistula, traumatic, 219
Aortic prostheses, polyurethane, long-term biological fate of, 108
-pulmonary anastomosis, Waterston, results before and after age of 6 months, 457
valve disease, autologous fascia lata replacement in, 94
valve, heterologous, preservation and function of, 179
valve, homograft, frame-supported, mounting and testing of, 174
valve reconstruction with autologous fascia lata, long-term results of, 388
valve replacement, fascial frustum valve for, 184
valvotomy, *Aspergillus flavus* endaortitis after, 435

Arterial hypoxaemia, mechanism of, in liver cirrhosis (P), 230
Arvin, *see* Ancrod
Asbestos exposure and diffuse malignant pleural mesothelioma, 6
Asbestosis and hypertrophic pulmonary osteoarthropathy with primary intrapulmonary neurogenic sarcoma, 212
Ascites, effect on pulmonary function in hepatic cirrhosis (P), 229
ASHCROFT, M. T., *see* Miller, G. J. and Ashcroft, M. T.
Aspergillus flavus endaortitis after aortic valvotomy, 435

Asthma, adult, static and dynamic lung volumes and ventilation-perfusion abnormality in, 591
airway resistance in, effect of age on fixed and labile components of, 325
as presenting feature of pulmonary embolism (P), 492
bronchial, right heart pressures in, 39
bronchial, treatment with disodium chromoglycate (P), 232
bronchoconstriction induced by cycling and running in, comparison of, 396
chronic, severe, evaluation of azathioprine in, 734
plasma cortisol levels in (P), 231
Atrium, myxoma of (P), 490
Azathioprine in severe chronic asthma, evaluation of, 734
